1979

THE NEW YORK ACADEMY OF MEDICINE
NEW YORK, N. Y. 10029

INDEX

VOLUME 55, 1979

A

Abdomen: I. Diagnosis, Trauma to the. Erwin R. Thal, 201
Abdomen, including the root of the neck, Vascular injuries caused by trauma of the thorax or the. Malcolm O. Perry, 188
Abdominal abscesses, Management of post-trauma intra-. Peter Dineen, 266
Abdomen: II. Management, Trauma to the. Peter C. Canizaro, 212
Abscesses, Management of post-traumatic intra-abdominal. Peter Dineen, 266
Abstracts, New York Heart Association scientific session on research, 401
Academy Bookman, The, 433, 948
Accreditation of continuing medical education and public credibility. Leonard S. Stein, 346
Acoustic neuroma, Neurotologic evaluation and management of. Ronald A. Hoffman, 751
Aden, Gary D. Book review. D. Michael Warner and Don C. Holloway: *Decision Making and Control for Health Administration*, 963
Adey, W. Ross. Neurophysiologic effects of radiofrequency and microwave radiation, 1079
Administration perspective on hospital cost containment, The. Helen L. Smits, 69
Age changes in human bone: An overview. William D. Sharpe, 757
Agencies, Current problems of some New York City health. Pascal James Imperato, 463
Alderman, Michael H. Communities with unusually short life spans: the effects of life style modification, 357
Allison, Marvin J., Gerszten, Enrique, Shadomy, H. Jean, Munizaga, J., and Gonzalez, M. Paracoccidioidomycosis in a northern Chilean mummy, 670
Altemeier, William A. Principles in the management of traumatic wounds and in infection control, 123
Ambulatory care, Hospital innovation in the community. James A. Block, 104
Ambulatory care, The current role of the hospital in. Ernest W. Saward, 112
American hospital system, The origins of the. Charles E. Rosenberg, 10
Antibiotic combination therapy in post-traumatic infections. Richard Quintiliani, 257
Antibiotic management, Post-traumatic. George A. Pankey, 272
Artery disease, Bretylium and dobutamine in the treatment of. William H. Frishman, 798
Artery, The inguinal ligament; its relation to poststenotic dilatation of the common femoral. Jere W. Lord, Jr., Giuseppe Rossi, and Guido Padula, 453
Attending physician-resident physician relations, Ethical issues in. Stuart I. Orsher, 52
Attending physician-resident relations: A philosopher's view, Ethical issues in. Alasdair MacIntyre, 57
Attending staff relations, Changing house staff—Joseph Post, 46

B

Baek, Se-Min, 939
Balancing service, research, and teaching in the hospital. William C. Felch, 22
Barbosa-Saldivar, Jose Luis and Van Itallie, Theodore B. Semistarvation: An overview of an old problem, 774
Basak, Bijan Kumar, Guthrie, James F., McElwain, Jack W., and MacLean, M. Douglas. Treatment of pneumatosis coli by oxygen therapy, 367
Beds in New York City, Hospital—"the numbers game." S. David Pomrinse, 874
Behavioral and psychological effects of microwave radiation. Don R. Justesen, 1058
Benjamin Rush on revolutionary war hygiene. Eric T. Carlson, 614
Biller, Hugh F., 939
Biomedical effects of microwave radiation. George M. Wilkening, 1047
Biomedical effects, Recapitulation. Stephen F. Cleary, 1119
Blitzer, Andrew. Mechanisms of spread of laryngeal carcinoma, 813
Block, James A. Hospital innovation in the community: Ambulatory care, 104
Bone, Age changes in human: An overview. William D. Sharpe, 757
Bookman, The Academy, 433, 948
Book Reviews
  Aubre de L. Maynard: *Surgeons to the Poor*. Frank Glenn, 449

D. Michael Warner and Don C. Holloway: *Decision Making and Control for Health Administration*. Gary D. Aden, 963
John J. Mulvihil, Robert W. Miller, and Joseph F. Fraumeni, editors: *Progress in Cancer Research and Therapy: Genetics of Human Cancer*. Ariel Distenfeld, 609
Alfred S. Evans, editor: *Viral Infections of Humans: Epidemiology and Control*. Harold C. Neu, 730
Arthur S. Elstein, Lee S. Shulman, and Sarah A. Sprafka: *Medical Problem Solving: An Analysis of Clinical Reasoning*. David L. Post, 886
Botanists and the introduction of drug specifics, Early. Judith M. Taylor, 684
Breast cancer, Primary treatment of. George Crile, Jr., 492
Breeden, James O. The "forgotten man" of the civil war: The southern experience, 652
Bretylium and dobutamine in the treatment of coronary artery disease. William H. Frishman, 798

C

Cadmus, Robert R. Professional standards review organizations: medicine's best ally, 600
Cancer, Primary treatment of breast. George Crile, Jr., 492
Canizaro, Peter C. Trauma to the abdomen: II. Management, 212
Carcinoma, Mechanisms of spread of laryngeal. Andrew Blitzer, 813
Cardiovascular control and its relation to essential hypertension and irreversible hypovolemic shock. David F. Opdyke, 373
Care—Is it here to stay? The implications for medical education, Primary. David Hamerman, 540
Care of infants and children with long-term handicaps. Morris Green, 832
Care, The current role of the hospital in ambulatory. Ernest W. Saward, 112
Carlson, Eric T. Benjamin Rush on revolutionary war hygiene, 614
Carmon, Amiram. Considerations of the cerebral response to painful stimulation: stimulus transduction versus perceptual event, 313
Carpenter, Russell L. Ocular effects of microwave radiation, 1048
Carrico, C. James, Pulmonary response to injury, 174
Cerebral response to painful stimulation: stimulus transduction versus perceptual event, Considerations of the. Amiram Carmon, 313
Chairman's introduction (Symposium on Health Aspects of Nonionizing Radiation). Merril Eisenbud, 1164
Changing house staff-attending staff relations. Joseph Post, 46
Cherubin, Charles, Sierra, Marcelino F., and Marr, John. Recent trends in salmonella and shigella in New York City and at Kings County Hospital, 303
Cherubin, Charles E., 385
Children with long-term handicaps, Care of infants and. Morris Green, 832
Christman, Luther. New roles for personnel: Nurses and physician extenders, 37
Civil war: The southern experience, The "forgotten man" of the. James O. Breeden, 652
Cleary, Stephen F. Recapitulation: biomedical effects, 1119
Clinical applications of microwave radiation: hyperthermy and diathermy. Joseph B. Davis, 1187
Clinical management of spinal cord injury: Experience in a smaller state rehabilitation unit. Sally F. Wiseley, 822
Clinicopathological correlations in unilateral glaucoma. Alan H. Friedman, 338
Committee on man and radiation, The: a commitment to the public interest. Don R. Justesen, 1267
Communities with unusually short life spans: the effects of life style modification. Michael H. Alderman, 357
Community: Ambulatory care, Hospital innovation in the. James A. Block, 104
Community concerns: New issues for the contemporary hospital. Kenneth G. Johnson, 28
Concluding remarks (1978 Annual Health Conference). H.R. Nayer, 119
Conferences (see also Symposia):
The Hospital Reconsidered: A New Perspective, 5
Considerations of the cerebral response to painful stimulation: stimulus transduction versus perceptual event. Amiram Carmon, 313
Constantine, Jay L. The senate finance committee and hospital cost containment, 73
Continuing medical education and public credibility, Accreditation of. Leonard S. Stein, 346
Continuing medical education today: Changes may be due. W. Robert Kennedy, 510
Coronary artery disease, Bretylium and

dobutamine in the treatment of. William H. Frishman, 798
Corset, Society, physicians, and the. Gerhart S. Schwarz, 551
Cost containment, The administration perspective on hospital. Helen L. Smits, 69
Cost containment, The senate finance committee and hospital. Jay L. Constantine, 73
Craig, John E., Dooley, Betty L., Parker, David A., and McDonald, Megan. Private foundation health expenditures: A survey analysis, 839
Cranefield, Paul F. A previously unrecorded late restrike of the Ratzer map, 724
Crile, Jr., George. Primary treatment of breast cancer, 492
Current problems of some New York City health agencies. Pascal James Imperato, 463
Current role of the hospital in ambulatory care, The. Ernest W. Saward, 112

D

Davis, Joseph B. Clinical applications of microwave radiation: hyperthermy and diathermy, 1187
Dermatosis of petroleum workers, 1864, Occupational, 810
Development of neurosurgery in New York City, The. Bronson S. Ray, 916
Diagnosis, Trauma to the abdomen: I. Erwin R. Thal, 201
Diagnostic and therapeutic uses of radiofrequency fields. James W. Frazer, William D. McDavid, and Michael Millner, 1205
Diathermy, Hyperthermy and. Clinical applications of microwave radiation. Joseph B. Davis, 1187
Dineen, Peter. Management of post-traumatic intra-abdominal abscesses, 266
Discussion, General: Session I (Symposium on Health Aspects of Nonionizing Radiation). John M. Osepchuk, Om P. Gandhi, and David E. Janes, Jr., 1042
Discussion, General: Session II (Symposium on Health Aspects of Nonionizing Radiation). George M. Wilkening, Russell L. Carpenter, Don R. Justesen, W. Ross Adey, Ralph J. Smialowicz, William M. Leach, and Stephen F. Cleary, 1126
Discussion, General: Session IV (Symposium on Health Aspects of Nonionizing Radiation), Herbert Pollack, Joseph B. Davis, Richard Johnson, James W. Frazer, and Richard Philip Reis, 1222
Discussion, General: Session V (Symposium on Health Aspects of Nonionizing Radiation), H. Janet Healer, Moris L. Shore, Herbert Pollack, Daniel S. Greenberg, Leonard R. Solon, Edward L. Hunt, and Merril Eisenbud, 1279
Diseases, Sexually transmitted enteric. Yehudi M. Felman and Nicholas B. Ricciardi, 533
Distenfeld, Ariel. Book review. John J. Mulvihil, Robert W. Miller, and Joseph F. Fraumeni, Jr.: *Progress in Cancer Research and Therapy: Genetics of Human Cancer*, 609
Dobutamine in the treatment of coronary artery disease, Bretylium and. William H. Frishman, 798
Dooley, Betty L., 839
Dosimetry — the absorption properties of man and experimental animals. Om P. Gandhi, 999
Drug specifics, Early botanists and the introduction of. Judith M. Taylor, 684
Dunant and the Red Cross, Henri. Sallie Morgenstern, 949

E

Early botanists and the introduction of drug specifics. Judith M. Taylor, 684
Education and public credibility, Accreditation of continuing medical. Leonard S. Stein, 346
Education today: changes may be due, Continuing. W. Robert Kennedy, 510
Effect of occupational impact noise on sensorimotor performance, The. Frank Pecenka, 325
Egyptian mummy, Pulmonary and osseous tuberculosis in an. Michael R. Zimmerman, 604
Eisenbud, Merril. An overview, 1274
Eisenbud, Merril. Chairman's introduction (Symposium on Health Aspects of Nonionizing Radiation), 1164
Electromagnetic radiation, Hematologic and immunologic effects of. Ralph J. Smialowicz, 1094
Electronic devices, Potential interference with medical. Richard Philip Reis, 1216
En bloc resection for osteogenic sarcoma. Ralph C. Marcove, 744
Enteric diseases, Sexually transmitted. Yehudi M. Felman and Nicholas B. Riccardi, 533
Environmental factors, Public education and interest in. Daniel S. Greenberg, 1244
Environmental level for microwave and radiofrequency radiation, A local health agency approach to a permissible. Leonard R. Solon, 1251

Epidemiologic approach to the study of microwave effects. Charlotte Silverman, 1166
Epidemiologic data on American personnel in the Moscow embassy. Herbert Pollack, 1182
Establishing safety standards. Moris L. Shore, 1231
Ethical issues in attending physician-resident relations: a philosopher's view. Alasdair MacIntyre, 57
Ethical issues in attending physician-resident physician relations. Stuart I. Orsher, 52
Expenditures, Private foundation health: A survey analysis. John E. Craig, Betty L. Dooley, David A. Parker, and Megan McDonald, 839
Extenders, New roles for personnel in hospitals: Physician. Eugene A. Stead, Jr., 41
Extenders, New roles for personnel: Nurses and physician. Luther Christman, 37

F

Felch, William C. Balancing service, research, and teaching in the hospital, 22
Felman, Yehudi M. and Riccardi, Nicholas B. Sexually transmitted enteric diseases, 533
Femoral artery, The inguinal ligament: its relation to poststenotic dilatation of the common. Jere W. Lord, Jr., Giuseppe Rossi, and Guido Padula, 453
Financing: The impossible and the possible dream, Hospital. Irving Wolkstein, 78
Fluids, Postoperative post-traumatic management of. G. Thomas Shires, 248
"Forgotten man" of the civil war: The southern experience, The. James O. Breeden, 652
Foundation health expenditures, Private: A survey analysis. John E. Craig, Betty L. Dooley, David A. Parker, and Megan McDonald, 839
Fourth centenary of the birth of William Harvey: Dr. Archibald Malloch and the Harvey collection, The. Sali Morgenstern, 435
Fractures of the orbital floor. Howard W. Smith, 733
Frazer, James W., McDavid, W.D., and Millner, M. Diagnostic and therapeutic uses of RF fields, 1205
Friedman, Alan H. Clinicopathological correlations in unilateral glaucoma, 338
Friedman, Stephen, 385
Frishman, William H. Bretylium and dobutamine in the treatment of coronary artery disease, 798
Fulfillment of hereditary longevity potential, The. Irving S. Wright, 516

G

Gandhi, Om P. Dosimetry — The absorption properties of man and experimental animals, 999
Genitourinary tract, Trauma to the. Paul C. Peters, 227
Gerszten, Enrique, 670
Glaucoma, Clinicopathological correlations in unilateral. Alan H. Friedman, 338
Glenn, Frank. Book review. Aubre de L. Maynard: *Surgeons to the Poor*, 449
Gonzalez, M., 670
Green, Morris. Care of Infants and children with long-term handicaps, 832
Greenberg, Daniel S. Public education and interest in environmental factors, 1244
Guthrie, James F., 367
Gynecologic infections resulting from trauma, Management of obstetric and. William J. Ledger, 241

H

Hamerman, David. Primary care — Is it here to stay? The implications for medical education, 540
Handicaps, Care of infants and children with long-term. Morris Green, 832
Harris, Jeffrey E. Regulation and internal control in hospitals, 88
Harvey: Dr. Archibald Malloch and the Harvey collection, The fourth centenary of the birth of William. Sali Morgenstern, 435
Health agencies, Current problems of some New York city. Pascal James Imperato, 463
Heart against the feather of truth, Weighing the. William B. Ober, 636
Heimoff, Leonard L. Shrinking the hospital system: Its impact, 34
Hematologic and immunologic effects of nonionizing electromagnetic radiation. Ralph J. Smialowicz, 1094
Henri Dunant and the Red Cross. Sallie Morgenstern, 949
Hernia, Shouldice technique for repair of inguinal. Nicholas Obney, 863
Hispaniola, University rivalry in. Fidelio A. Jiminez, 700
Hodgson, W. John B. The ultrasonic scalpel, 908
Hoffman, J. Michael. On the likelihood that Mallin and Rathbun mistook an enlarged parietal foramen for a trephination, 708
Hoffman, Ronald A. Neurotologic evaluation and management of acoustic neuroma, 751
Holloway, Don C. and D. Michael Warner: *Decision Making and Control for Health*

Administration. Book Review, Gary D. Aden, 963
Horovitz, Joel H. Monitoring the injured patient, 163
Hospital beds in New York City — "the numbers game." S. David Pomrinse, 874
Hospital, Community concerns: new issues for the contemporary. Kenneth G. Johnson, 28
Hospital cost containment, The administration perspective on. Helen L. Smits, 69
Hospital cost containment, The senate finance committee and. Jay L. Constantine, 73
Hospital financing: The impossible and the possible dream. Irving Wolkstein, 78
Hospital in ambulatory care, The current role of the. Ernest W. Saward, 112
Hospital innovation in the community: Ambulatory care. James A. Block, 104
Hospital services in New York City, Statement on the rationalization of. Committee on Public Health, The New York Academy of Medicine, 527
Hospitals: Physician extenders, New roles for personnel in. Eugene A. Stead, Jr., 41
Hospitals, Regulation and internal control in. Jeffrey E. Harris, 88
Hospital system: Its impact, Shrinking the. Leonard L. Heimoff, 34
Hospital system, The origins of the American. Charles E. Rosenberg, 10
House staff-attending staff relations, changing. Joseph Post, 46
Hygiene, Benjamin Rush on revolutionary war. Eric T. Carlson, 614
Hypertension and irreversible hypovolemic shock, Cardiovascular control and its relation to essential. David F. Opdyke, 373
Hyperthermia, Radiation and. Richard, J. R. Johnson, John R. Subjeck, Donna Z. Moreau, Henry Kowal, and Daniel Yakar, 1193
Hyperthermy and diathermy. Clinical applications of microwave radiation. Joseph B. Davis, 1187
Hypovolemic shock, Cardiovascular control and its relation to essential hypertension and irreversible. David F. Opdyke, 373

I

Immunization program: a New York City perspective, The United State swine influenza. Pascal James Imperato, 285
Immunologic effects of nonionizing electromagnetic radiation, Hematologic and. Ralph J. Smialowicz, 1094
Imperato, Pascal James. Current problems of some New York City health agencies, 463
Imperato, Pascal James. The United States swine influenza immunization program: a New York City perspective, 285
Infants and children with long-term handicaps, Care of. Morris Green, 832
Infection control, Principles in the management of traumatic wounds and in. William A. Altemeier, 123
Infections, Antibiotic combination therapy in post-traumatic. Richard Quintiliani, 257
Influenza immunization program: a New York City perspective, The United States swine. Pascal James Imperato, 285
Inguinal hernia, Shouldice technique for repair of. Nicholas Obney, 863
Inguinal ligament: its relation to poststenotic dilatation of the common femoral artery, The. Jere W. Lord, Jr., Giuseppe Rossi, and Guido Padula, 453
Injuries caused by trauma of the thorax or the abdomen, including the root of the neck, vascular. Malcolm O. Perry, 188
Injuries, Pitfalls in the management of peripheral nerve. George E. Omer, 829
Injury, Pulmonary response to. C. James Carrico, 174

J

Janes, David E., Jr., Radiation surveys — measurement of leakage emissions and potential exposure fields, 1021
Jarcho, Saul, M.D., Presentation of the Academy Plaque to. Joseph Post, 896
Jiminez, Fidelio A. University rivalry in Hispaniola, 700
Johnson, Kenneth G. Community concerns: New issues for the contemporary hospital, 28
Johnson, Richard, J. R., Subjeck, John R., Moreau, Donna Z., Kowal, Henry, and Yakar, Daniel, Radiation and hyperthermia, 1193
Justesen, Don R. The committee on man and radiation: a commitment to the public interest, 1267
Justesen, Don R. Behavioral and psychological effects of microwave radiation, 1058

K

Kempner, Martin L. Some moral issues concerning current ways of dealing with surgical patients, 62
Kennedy, W. Robert. Continuing medical education today: changes may be due, 510
Kowal, Henry, 1193

Krause, Richard M. Presentation of the Academy Medal to Maclyn McCarty, M.D., 899
Krespi, Yosef P., Baek, Se-Min, Marovitz, William F., and Biller, Hugh F. Revascularized free pleuroperiosteal flap to correct full thickness tracheal defects, 939

L

Laryngeal carcinoma, Mechanisms of spread of. Andrew Blitzer, 813
Leakage emissions and potential exposure fields, Radiation surveys — measurement of. David E. Janes, Jr., 1021
Ledger, William J. Management of obstetric and gynecologic infections resulting from trauma, 241
Life spans: the effects of life style modification, Communities with unusually short. Michael H. Alderman, 357
Ligament: its relation to poststenotic dilatation of the common femoral artery, The inguinal. Jere W. Lord, Jr., Giuseppe Rossi, and Guido Padula, 453
Local health agency approach to a permissible environmental level for microwave and radiofrequency radiation, A. Leonard R. Solon, 1251
Lockshin, Michael D. Vasculitis, 867
Longevity potential, The fulfillment of hereditary. Irving S. Wright, 516
Lord, Jere W., Jr., Rossi, Giuseppe, and Padula, Guido. The inguinal ligament: its relation to poststenotic dilatation of the common femoral artery, 453

M

MacIntyre, Alasdair. Ethical issues in attending physician-resident relations: A philosopher's view, 57
MacLean, M. Douglas, 367
Malaria in New York City, 1972 to 1977: a new population of patients. Howard B. Shookhoff, John J. Marr, Stephen Friedman, Charles E. Cherubin, and Laura Weinstock, 385
Mallin, Robert, 717
Malloch and the Harvey collection, The fourth centenary of the birth of William Harvey: Dr. Archibald. Sali Morgenstern, 435
Management of hypovolemic shock. G. Thomas Shires, 139
Management of obstetric and gynecologic infections resulting from trauma. William J. Ledger, 241
Management of post-trauma intra-abdominal abscesses. Peter Dineen, 266
Man and radiation, The committee on: a commitment to the public interest. Don R. Justesen, 1267
Map, A previously unrecorded late restrike of the Ratzer. Paul F. Cranefield, 724
Marcove, Ralph C. En bloc resection for osteogenic sarcoma, 744
Marovitz, William F., 939
Marr, John, 303, 385
Maynard, Aubre de L.: *Surgeons to the Poor*. Book review. Frank Glenn, 449
McCarty, Maclyn, M.D., Presentation of the academy medal to. Richard M. Krause, 899
McDavid, William D., 1205
McDonald, Megan, 839
McElwain, Jack W., 367
McRee, Donald I., Review of Soviet/Eastern European research on health aspects of microwave radiation, 1133
Mechanisms of spread of laryngeal carcinoma. Andrew Blitzer, 813
Medal to Maclyn McCarty, M.D., Presentation of the Academy. Richard M. Krause, 899
Medical education and public credibility, Accreditation of coninuing. Leonard S. Stein, 346
Medical education today: changes may be due, Continuing. W. Robert Kennedy, 510
Medical electronic devices, Potential interference with. Richard Philip Reis, 1216
Medical Problem Solving: An Analysis of Clinical Reasoning. Arthur S. Elstein, Lee S. Shulman, and Sarah A. Sprafka. Book review. David L. Post, 886
Microwave effects, Epidemiologic approach to the study of. Charlotte Silverman, 1166
Microwave radiation, Biomedical effects of. George M. Wilkening, 1047
Microwave radiation, Clinical applications of: hyperthermy and diathermy. Joseph B. Davis, 1187
Microwave radiation, Behavioral and psychological effects of. Don R. Justesen, 1058
Microwave radiation, Neurophysiologic effects of radiofrequency and. W. Ross Adey, 1079
Microwave radiation, Ocular effects of. Russell L. Carpenter, 1048
Microwave radiation, Review of Soviet/Eastern European research on health aspects of. Donald I. McRee, 1133
Microwave/RF radiation, Sources and basic characteristics of. John M. Osepchuk, 976

Microwave syndrome, The. Herbert Pollack, 1240
Millner, Michael, 1205
Monitoring the injured patient. Joel H. Horovitz, 163
Moral issues concerning current ways of dealing with surgical patients, Some. Martin L. Kempner, 62
Moreau, Donna Z., 1193
Morgenstern, Sali. The fourth centenary of the birth of William Harvey: Dr. Archibald Malloch and the Harvey collection, 435
Morgenstern, Sallie. Henri Dunant and the Red Cross, 949
Moscow embassy, Epidemiologic data on American personnel in the. Herbert Pollack, 1182
Mulvihil, John J., Miller, Robert W., and Fraumeni, Joseph F., Jr.: *Progress in Cancer Research and Therapy: Genetics of Human Cancer*. Book review. Ariel Distenfeld, 609
Mummy, Paracoccidioidomycosis in a northern Chilean. Marvin J. Allison, Enrique Gerszten, H. Jean Shadomy, J. Munizaga, and M. Gonzalez, 670
Mummy, Pulmonary and osseous tuberculosis in an Egyptian. Michael R. Zimmerman, 604
Munizaga, J., 670
